

MUDFORD VILLAGE HALL

THE PERFECT VENUE

Mudford Village Hall was built as a single roomed village school in 1847 and was always a church school. It was extended in about 1897 by building a slightly smaller room at the south end as the girls' classroom. The rooms were separated by large, partly glazed, folding doors which are still in use.

The school was closed in 1947 and was used as a church hall until 1951 when the building was purchased from the Diocese of Bath and Wells. A subscription was raised by the three villages (Mudford, Ashington and Chilton Cantelo) to purchase it as a war memorial and centre for ex-servicemen.

Over the intervening years improvements have been made to include more modern facilities for the many diverse events held in the hall.

Mudford Village Hall is a Grade 2 listed building, registered charity no.292596.
